## Summary

Medical Business Management Professional Services (MBM) is a full service medical billing and claims management company. We generate “cash flow” for our clients by implementing a medical billing/collections revenue cycle and by effectively managing the accounts receivables.

## Management/Leadership includes:

Hospital administration, medical sales, IT, practice/office management and certified CPC medical coders (qualified in ICD-10).

## Services

As a full service provider MBM manages all aspects of the revenue cycle including:

- CPT and ICD Coding
- Provider Credentialing
- NPI Numbers
- Electronic Funds Transfer
- Electronic Data Interchange
- Revenue Cycle Development
- Data Entry
- Patient Inquires
- Statements
- Collections & Payment Posting
- Reporting
- AR Management

## Technology

MBM embraces technology to streamline services and revenue cycles. To effectively manage and track claims from charge entry through reimbursement, MBM has implemented unique billing software including:

- Medical Billing Specific
- Coding Specific (ICD10)
- Real Time Claim Tracking
- Credentialing Specific
- Electronic Document Storage
- EMR/EHR Integration

## Expertise:

- Medical Coding (ICD/CPT)
- Record Audits
- ICD-10 training
- Revenue Cycle Development
- Billing and Collections
- Practice Management
- Medical Sales
- Payment Posting
- Provider Credentialing
- Revenue Cycle Management

MBM serves more than 500 providers and in FY15 billed over \$170 million in charges. MBM has a proven track record of increasing revenue cycle productivity.
